People at the heart of print

The start of a new year invites reflection on the fundamentals of our industry. In this video, our CEO Christian Tebroke shares his perspective on the role people play in keeping printing operations running every day across teams, partners, and locations worldwide.

Building on trust: Empress Litho's 25-year partnership with ECO3

Empress Litho distinguishes itself in the competitive London market as a specialist sheet-fed litho printer, focusing on high-end creative work. To support the demand for specialized print, the company recently upgraded its prepress capabilities by installing a new ECO3 Avalon C platesetter with chem-free Adamas plates.
